**Annual Salah Timetable  
Year 2024**

# An Overview of the Timetable

The following points are important to note in respect to the enclosed timetable:

## 1. 'Eshā' Ṣalāh

- Generally, the beginning time written for 'Eshā' Ṣalāh is according to the disappearance of "al-Shafaq al-Aḥmar" (red twilight) at 15 degrees solar depression.
- Please see the table below for a more detailed breakdown of the beginning times written in this timetable for 'Eshā' Ṣalāh, according to the different periods of the year.

Dates	Notes
7 <sup>th</sup> September to 1 <sup>st</sup> April	'Eshā' time occurs and is written according to 15 degrees (disappearance of al-Shafaq al-Aḥmar).
2 <sup>nd</sup> April to 25 <sup>th</sup> May & 16 <sup>th</sup> July to 6 <sup>th</sup> September	'Eshā' time occurs. However, the times written are <i>before</i> 15 degrees due to <b>Ḥaraj</b> <sup>1</sup> . <b>'Eshā' must be performed as per the times written in the timetable and not before.</b>
26 <sup>th</sup> May to 15 <sup>th</sup> July	'Eshā' time does not occur during these days as the sun does not go 15 degrees below the horizon. Hence, the beginning time for 'Eshā' has not been written during these dates. During this period, females are also advised to perform their 'Eshā' according to the Jamā'ah times printed.

## 2. Ṣubḥ Ṣādiq<sup>2</sup>

- The beginning time written for Ṣubḥ Ṣādiq is according to 18 degrees solar depression.
- Please see the table below for a more detailed breakdown of the times written for Ṣubḥ Ṣādiq according to the different periods of the year

Dates	Ṣubḥ Ṣādiq
31 <sup>st</sup> August to 11 <sup>th</sup> May	The time is written according to 18 degrees.
12 <sup>h</sup> May to 30 <sup>th</sup> July	The sun does not go 18 degrees below the horizon, thus Ṣubḥ Ṣādiq time is based on <b>Aqrab al-Ayyām</b> <sup>3</sup> during these dates.

<sup>1</sup> An Arabic term meaning 'hardship'. As 'Eshā' time becomes increasingly late, ultimately causing hardship for the Ummah (i.e. the time gap between Maghrib and 'Eshā' becomes increasingly long), the time for 'Eshā' Ṣalāh is written before the actual 15 degree time. There are varying opinions as to when 'Ḥaraj' occurs. In this timetable, Ḥaraj has been determined at 9.30 pm, after consulting various scholars and according to the unanimous decision of the Preston Masjids (Dec 2018).

<sup>2</sup> An Arabic Term meaning 'True Dawn'. This is the time for ending Suḥūr. This is also the Fajr beginning time.

<sup>3</sup> An Arabic term meaning 'the nearest day'. As there is no solar depression of 18 degrees for Ṣubḥ Ṣādiq during this period, the Ṣubḥ Ṣādiq time is based on the time when 18 degrees for Ṣubḥ Ṣādiq last occurred.
